Your application to Concordia is also your application for an entrance scholarship. There's no need to apply separately. Concordia's entrance scholarships are based on academic achievement, along with other criteria in some cases. Incoming students who are in financial need may be eligible for special funding in the form of a bursary. You can apply using the **Entrance Bursary** form on the **Student Hub**.

EXTERNAL FINANCIAL AWARDS

External awards require a separate application. You can find a list of privately funded scholarships and bursaries sponsored by external associations, companies, foundations, societies and clubs at concordia.ca/external-awards.

AMERICAN STUDENTS

Reach out to our financial aid officers as soon as you have your offer of admission. They can determine your eligibility for funding from the United States Federal Student Aid Program, and how much you can borrow. Funding is based on the program rules and your financial need. See concordia.ca/usaid for more information on U.S. loans.

To qualify, you must:

- be enrolled in a degree program on a full- or part-time basis
- maintain Satisfactory Academic Progress as defined by the U.S. Department of Education

To apply for U.S. government financial aid, file the Free Application for Federal Student Aid (FAFSA), available at fafsa.ed.gov. Concordia's federal school code is **G08365**.

Please note that the Student Aid program doesn't extend to online classes or Concordia's exchange programs abroad.
