## WELCOME TO UNIVERSITY COLLEGE OF THE NORTH

UCN has nearly 50 degree, diploma, and certificate programs. We serve a vast geographical area with two main campuses in The Pas and Thompson, as well as Workforce Development, Post Secondary Education Access, and Training Centres.

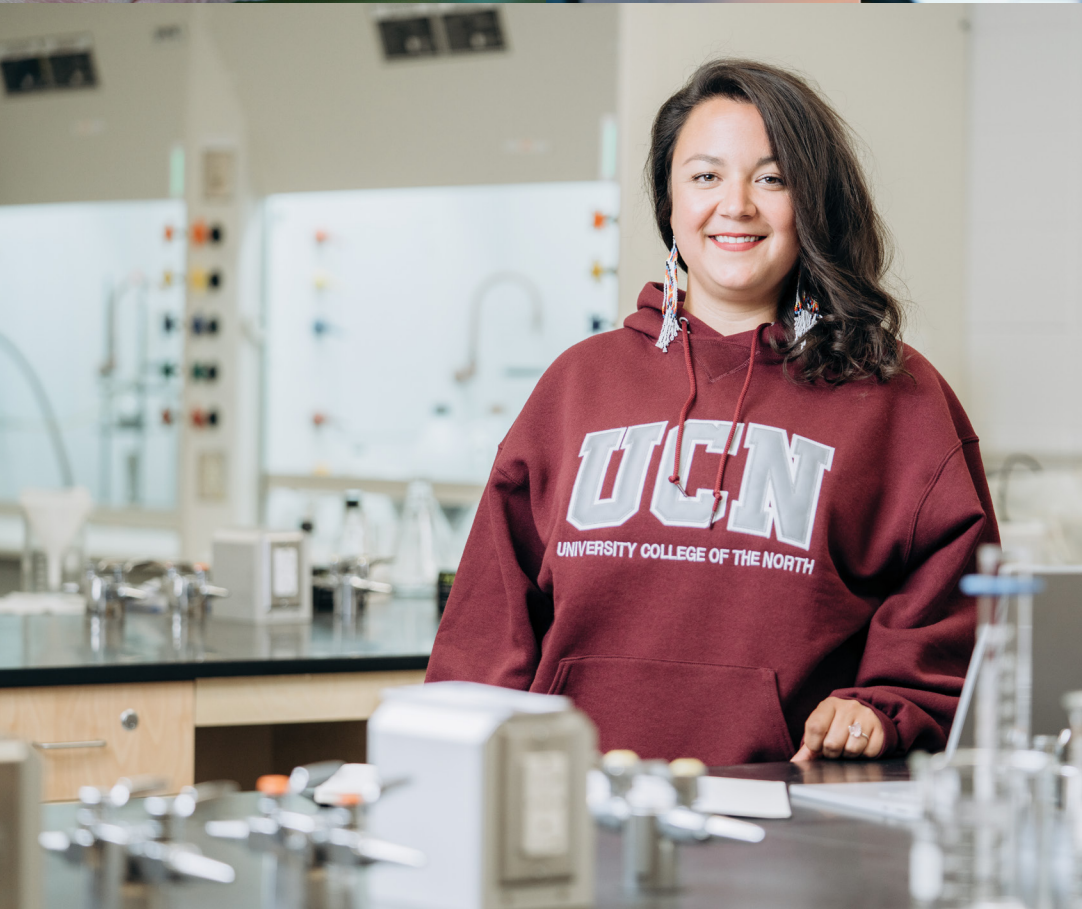

You'll feel at home no matter where you study at UCN. We pride ourselves on being a student and family-centric institution that values a healthy balance of academic and personal life. Here you'll discover a college and a university that meets the unique learning needs of northern Manitoba. As your career goals change, our flexible programming enables you to transition from certificate to diploma program, or diploma to degree program. Small class sizes that include online and face-to-face instruction ensure the advantage of personal interactions with instructors and classmates.

Here you'll experience quality education that inspires students who are building better lives for themselves, their families, and their communities.

Take your next steps at UCN.

**HERE YOU CAN.**

# THE PAS

## GATEWAY TO NORTHERN MANITOBA

The Pas campus is located in one of the oldest and most striking settlements in northern Manitoba. Incorporated in 1912, the Town of The Pas was a traditional trading spot for Indigenous peoples and settlers. Today, the town thrives as a vital regional service centre with a diversified economic base in agriculture, forestry, industry, transportation, and tourism.

The Pas enjoys a long and positive relationship with its neighbours on the Opaskwayak Cree Nation, one of Canada's most progressive Indigenous communities.

In each of its four distinct seasons, The Pas offers unique recreational and cultural activities. Outdoor enthusiasts find themselves right at home here. The area's raw natural beauty attracts visitors from around the world — particularly to nearby Clearwater Lake Provincial Park, featuring one of the most pristine bodies of water in North America.

### OUR CAMPUS

The Oscar Lathlin library is a contemporary research facility that includes computer workstations, study areas, private meeting rooms, and a campus commons area for students.

Our residence at The Pas is attached to campus so students have direct access to classrooms. Students also benefit from an onsite student laundry facility, as well as a cafeteria, gym, and fitness area. The campus is within short walking distance of the community wellness center, arena, curling rink, ball field, running track, swimming pool, and community center.

For those who enjoy the outdoors, The Pas has a great deal to offer, with miles of walking trails just off campus.

# THOMPSON HUB OF THE NORTH

Thompson's natural surroundings are rich with culture, history and the spirit of the people who live here. The city is located on the Burntwood River in north-central Manitoba. This is traditional Nisichawayasihk Cree Nation territory and homeland of the Métis people, both celebrated for their warm northern hospitality.

Thompson is anchored in the rugged Canadian shield and boreal forest. While the historical economic growth of the area has been rooted in mining, the city is considered to be the regional centre for health, education, government, transportation, and retail services.

### OUR CAMPUS

The Thompson campus started serving students in 2014. Convenient and contemporary, the site offers all the amenities of a thriving urban centre surrounded by pristine wilderness. This is a great place to live, study, play, and raise a family.

The campus is connected directly to the Thompson Regional Community Centre, a state-of-the-art recreational facility that features two rinks, a walking track, a curling club, a gym, and a fully-equipped fitness centre. It's a convenient place to stay in shape and clear your head between classes year-round.

UCN's Thompson campus is also located close to R.D. Parker Collegiate, the local high school. High school students are able to easily participate in UCN public events and cultural opportunities.

# STUDENT SERVICES

## HOUSING

### **FAMILY HOUSING, APARTMENTS AND CARROLL HALL**

UCN offers housing to meet the needs of single students and students with families at both The Pas and Thompson campuses. UCN Family Housing consists of 24 units on both Thompson and The Pas Campus. The units come with a stove, fridge, washer, and dryer. There are 7 four-bedroom and 17 three-bedroom units. These units are alcohol, drug, and pet free environments. Family Housing is located across from UCN on both campuses.

### **HOUSING AT THOMPSON CAMPUS**

The Copper Apartments are made up of two secure buildings located only a 15-minute walk from campus.

- **11 COPPER**  
This building features 19 one- or two-bedroom units. More than half are furnished. Laundry facilities are located on the first floor.
- **21 COPPER**  
This 19-unit building features bachelor, one- and two-bedroom apartments. More than half the units are furnished. Students share accommodations in the two-bedroom units. Students may request specific roommates on their application. If possible, the resident attendant will accommodate the request. Laundry facilities are located on the first floor.

### **HOUSING AT THE PAS CAMPUS**

Carroll Hall is a popular, convenient, and affordable on-campus living choice for many UCN students. The hall offers a quiet, clean and comfortable environment in which to socialize, sleep and study. The hall is an alcohol- and drug-free environment. The environment promotes a high academic success rate by providing special student supports including close student and staff interactions, social development, and peer support.

Features of Carroll Hall:

- 50 double rooms
- Mini fridges in every room
- Shared kitchen on main floor
- Laundry facility located in basement of campus
- Common room with cable TV on main floor

## FOOD SERVICES

### **THE PAS CAMPUS**

Our full-service cafeteria offers an ever-changing variety of food and drink selections. The cafeteria is partly staffed by students under the guidance of a Culinary Arts instructor with fine dining kitchen experience. The menu features full breakfast, lunch and dinner options, including burgers, pizzas, and other entrées. The food variety spans simple snacks to gourmet entrees.

## FINANCIAL AID

We make every effort to provide current and prospective students with accurate information, guidance and all the necessary resources they need to fund their education. Students have the option to create a payment plan through UCN Finance, apply for a bank or student loan, or seek sponsorship through Manitoba Employment and Training Services.

Indigenous students have the option to seek sponsorship through Métis Employment and Training or the Education Authority in their community. Check out the full list online at [ucn.ca/funding](https://ucn.ca/funding). For more information, visit or contact the Financial Aid and Awards office in Thompson at 204.677.6402 or The Pas at 204.627.8517.

### AWARDS, BURSARIES AND SCHOLARSHIPS

Our range of awards, bursaries and scholarships recognize student achievement and help reduce financial stress. You can apply any time throughout the academic year. Check out our full list online at [ucn.ca/awards](https://ucn.ca/awards). You can also visit or contact the Financial Aid and Awards office in Thompson at 204.677.6402 or The Pas at 204.627.8517.

## ACADEMIC RESOURCES

### BOOKSTORE

UCN Bookstore is your one-stop shopping experience at both The Pas and Thompson campuses. We are your source for all program textbooks and course materials.

We also offer a variety of Indigenous and general interest books, stationery, and backpacks, as well as UCN apparel and general gift ideas. Drop by and check us out and be sure to ask about our special-order service.

### LIBRARIES

UCN's six libraries provide access to a wide variety of resources in various formats, including electronic databases, online journals, and streamed content. Library staff are available to share their skills and expertise in support of students on their academic journey, either in person or on-line. The library collection also includes equipment, which varies by location. For example, the two campus library collections have laptops, physical assessment kits, and presentation equipment available for student use. Each library also has space for students to relax and study.

## GUIDANCE

### COUNSELLING

We provide students with comprehensive and confidential student counselling and referral services. If you need a safe place to talk, our experienced counsellors are ready to help you address any personal, social, family, or mental health issues that may be impeding success in your educational program. Walk-ins are welcome, but you can also book an appointment with the UCN receptionist at either campus to ensure availability.

### ASSESSMENT SERVICES

Transferring to UCN from another college or university? Looking for a change in careers? Considering UCN as your first post-secondary experience? Our Assessment Services staff are ready to help you:

- Find a career path appropriate to your likes
- Make certain you have the skills to be successful in your program of choice
- Get transfer credits for courses you have already taken at another post-secondary institution
- Get credit for skills you already have through your work experience

We also offer exam services at a nominal fee if you are taking a course through another institution.

### ACADEMIC ADVISING

Our academic advisors can provide you with information related to the academic program you're interested in. They can also help you select the courses needed to meet your life and career goals, advocate on your behalf, and connect you with resources and other support services. You can meet with an advisor for a quick conversation about options for electives, a longer discussion about academic progress, or a series of appointments about achieving your goals. Visit [ucn.ca/advising](http://ucn.ca/advising) for more information.

### LEARNERS' ASSISTANCE CENTRE (LAC)

The LAC offers free and confidential learning assistance no matter what year you're enrolled in. Through tutoring, guidance in writing papers, and study tips for exams, LAC coordinators help you develop the motivation, confidence, and skills you need to succeed during your academic year at UCN.

## RECREATION

### THE PAS CAMPUS

Enjoy the use of a fully equipped gymnasium where we host many sporting and fitness events throughout the year. Intramural sports include basketball, badminton, curling, floor hockey, and volleyball. Students have priority use of the gym through intramural programming, fitness classes, open gym time, and occasional tournaments.

We also offer winter activities such as snowshoeing and curling. UCN is just five minutes from the pristine backcountry and the Rosie Mayne cross-country ski trails. For a nominal fee, you can also access our well-equipped weight and cardio rooms for your fitness needs.

### THOMPSON CAMPUS

The Student Association Council (SAC) partners with UCN and other educational institutions to promote various recreational and social activities. Students enjoy activities such as basketball, badminton, volleyball, and slo-pitch softball.

SAC also hosts such special student and family events as bowling nights, craft nights, barbeques, and fun fairs. Although the campus does not have a gym, City of Thompson facilities nearby include Mystery Mountain Ski Hill, indoor and outdoor arenas, a curling rink, ball diamonds, tennis and racquet ball courts, a golf course, and a fitness centre. Many of these sites offer student rates.

## CULTURAL RESOURCES

### INDIGENOUS CENTRES

UCN's Indigenous centres on both campuses are a place for all students to honor and share Indigenous cultures. Activities include sharing circle meetings, special guest speakers, and other student-initiated activities. Both centres have a lounge area, fully functioning kitchen, and space for traditional ceremonies.

### ELDER PROGRAM

UCN has a long-established Elder program available within the Mamawechetotan and Ininiwi Kiskinwamakewin Centres. Elders are available for advice and counsel to staff and students.

## ACCESSIBILITY

Student Accessibility Services (SAS) provides support and advocacy for students who may require accommodations. Reasonable accommodations may be provided if you have a documented physical, neurological, medical, mental health, hearing, vision, or temporary disability.

## CHILD CARE CENTRES

### UCN EARLY LEARNING AND CHILD CARE CENTRE THOMPSON CAMPUS

Independently operated from UCN, but located on the Thompson campus, this non-profit, community-based child care facility licensed for 74 children from 12 weeks to 12 years of age. Our hours are 8:00 a.m. to 5:15 p.m. Monday to Friday with the exception of statutory holidays.

New children are enrolled as spaces become available. Children can be put on our wait list by calling the centre at 204.778.6113, or through the Province of Manitoba's child care registry:

**[manitoba.ca/onlinechildcareregistry](http://manitoba.ca/onlinechildcareregistry)  
1.888.213.4754**

Priority is given to:

1. UCN full time students
2. UCN part time students
3. UCN faculty and staff
4. The local community

### KANAWENIMAWASOWIN CHILD CARE CENTRE THE PAS CAMPUS

This non-profit, community-based child care facility is licensed for 74 children from 12 weeks to 6 years of age. We are open from 7:30 a.m. to 5:30 p.m. Monday to Friday except for statutory holidays.

New children are enrolled as spaces become available. Children can be put on our waitlist by calling the centre at 204.627.8550 (ext. 1), or through the Province of Manitoba's child care registry:

**[manitoba.ca/onlinechildcareregistry](http://manitoba.ca/onlinechildcareregistry)  
1.888.213.4754**

Priority is given to:

# ACADEMIC PROGRAMS

## FACULTY OF ARTS, BUSINESS AND SCIENCE (FABS)

### **BACHELOR OF ARTS (BA)**

A BA degree provides students with a solid background in the liberal arts, helping them to gain a broad base of knowledge. Students will acquire important skills in the areas of written and oral communication, research, independent and critical thinking, problem solving, and team work. These skills arise from engagement with various academic disciplines, courses, and intellectual perspectives, and are highly sought in many employment situations, including the public, corporate and non-profit sectors. A BA degree is also invaluable for students entering professional programs such as law, education and accounting, or continuing into graduate programs.

Every degree will include a subject concentration, or major. Students may, but are not required to declare, a secondary subject concentration, or minor.

### **BACHELOR OF ARTS - THREE-YEAR**

The major provides the opportunity to develop depth of knowledge in the chosen field of study. 90 credit hours of course study is required.

### **BACHELOR OF ARTS - FOUR-YEAR**

The major provides the opportunity for substantial specialization in one area of study. 120 credit hours of course study is required.

### **BACHELOR OF ARTS - THREE & FOUR-YEAR DEGREE - MAJORS AND MINORS**

- Aboriginal and Northern Studies
- English
- Aboriginal/Indigenous Literatures (minor only),
- History
- Science (minor only)
- Social science

### **BACHELOR OF BUSINESS ADMINISTRATION (BBA)**

A BBA degree helps students acquire important skills in the areas of management, organizations, motivation, and leadership. This 2+2 program (two years of college plus two years of university) reflects the mandate of UCN by incorporating Aboriginal and northern Manitoba perspectives in its subject areas. Students will learn how to apply decision-making processes and effective communication in public and private business enterprises.

### **BUSINESS ADMINISTRATION**

This two-year diploma program provides graduates with the knowledge and skills required for small-business entrepreneurship and entry-level management positions in business, industry, and public administration. Students may choose between Accounting or Management Stream.

### **COMMUNITY ECONOMIC DEVELOPMENT**

Students in this two-year diploma program receive the knowledge and skills required for a range of employment and self-employment opportunities, including contributing to the health of the natural environment, building on community resources and capacities, increasing community control and ownership, and stabilizing local and community economies.

## **ENGINEERING**

Through a partnership with the University of Manitoba (U of M), students can take required first-year engineering courses at UCN. Admission into U of M is competitive and based on the best eight grades from the 12 possible courses completed.

## **OFFICE ASSISTANT**

This certificate program helps students develop the proficiency in office skills needed to succeed in entry-level administrative positions. Students learn essential business skills such as computer applications, keyboarding, filing, business communications, bookkeeping, and administrative office procedures. Students may choose from one of two Office Assistant streams: Accounting or Medical Assistant.

# **FACULTY OF EDUCATION**

## **KENANOW BACHELOR OF EDUCATION (B.ED.)**

UCN's BED program provides a northern-based and Aboriginal-focused teacher education program. An Aboriginal perspective is evident throughout the program, which incorporates information gathered from extensive community consultations. The program meets the requirements for certification by Manitoba Education and responds to specific issues arising in our region for the education of Aboriginal and northern children and youth.

## **PROGRAM STREAMS BACHELOR OF EDUCATION AFTER DEGREE (BEDAD)**

Prospective teachers with a degree with a minimum 90 credit hours may apply. Your official transcript is examined to confirm admission requirements are met for the after-degree program, which includes a major and minor teachable subject area, and required subject area (breadth) requirements. Should you be missing teachable or breadth requirements UCN may admit you as a special student and allow you to earn the missing requirements while taking education courses — this may extend the length of the program. Students complete 60 (61 with WMI) credit hours of education courses. Students spend a total of 24 weeks in student teaching placements. This is generally a two-year program.

## **BACHELOR OF ARTS AND BACHELOR OF EDUCATION INTEGRATED STREAM (BA/B.ED)**

Prospective teachers without a degree may be admitted to the five-year concurrent BA/B.Ed. degree program where students earn both degrees concurrently. Students take courses in the BA program that will fulfill both BA graduation requirements (eg. 90 Total Credit Hours; General Education requirements and major or major/minor) and the B.Ed. major and minor teachable subject areas and breadth courses. Students may exit with a BA degree prior to completing the B.Ed. degree. Please refer to the Faculty of Arts, Business and Science section for information on the BA degree.

### **BACHELOR OF INTERDISCIPLINARY/ BACHELOR OF EDUCATION (BIDS/B.ED.)**

Prospective teachers without a degree may be admitted to the five-year concurrent BIDS/B.Ed. degree program where students earn both degrees concurrently. The BIDS is not a stand-alone program from which a student may graduate — students must successfully complete the program requirements for both degrees in order to graduate.

Students take courses in the BIDS program that will fulfill both BIDS graduation requirements (eg. Total Credits) and the non-education course requirements for teacher certification with Manitoba Education. Students also complete the B.Ed. course requirements. BIDS courses are from the Faculty of Arts, Business and Science.

### **EARLY CHILDHOOD EDUCATION**

This diploma program maximizes student's knowledge, skills and attitudes required for employment and advancement in the field of early childhood education. The program provides flexibility in delivery options, is implemented using adult learning principles, has opportunities for individualization, and recognizes students' existing knowledge through a "recognition of prior learning" process.

### **EARLY LEARNING AND CHILD CARE POST DIPLOMA CERTIFICATE (ELCC)**

The Kenanow ELCC certificate program is offered in an online learning format to meet the needs of early childhood education professionals. The program provides a northern-based and Indigenous-post-diploma certificate in administration.

### **EDUCATIONAL ASSISTANT**

This is a paraprofessional certificate program that provides individuals with the knowledge and skills to support students, teachers, counsellors and other professionals in a variety of educational settings. Graduates are able to assist students with lessons under direct supervision of classroom teachers, monitor and report to classroom teachers on student progress, assist in the preparation of learning materials and environment, and perform other support functions as required.

### **ABORIGINAL AND NORTHERN COUNSELLING SKILLS**

Students in this certificate program receive the knowledge and skills required to offer paraprofessional counselling. The program and the courses reflect Aboriginal philosophy and culture, although elements of western counselling practice have been included where appropriate.

Note: this program is being offered online with students from a variety of locations. The skills gained are transferable to a variety of context (not just northern). The Aboriginal philosophy and approaches are critical.

## FACULTY OF HEALTH

### **BACHELOR OF NURSING – Collaborative University College of the North Cohort**

The Bachelor of Nursing (BN) program offers a solid base of nursing knowledge, hands-on clinical practice and the skills to embrace a challenging, diverse and satisfying career. This program has internationally recognized academic staff with expertise in a variety of areas, and students are given the opportunity to experience all aspects of nursing. The program is delivered in The Pas and Thompson through a collaboration with University of Manitoba.

### **DIPLOMA IN PRACTICAL NURSING**

The UCN Diploma in Practical Nursing (DPN) program is a two-year diploma, currently offered in Swan River, Flin Flon and Thompson. The DPN program provides students with the knowledge and skills necessary to work as a professional member of the health care team and to successfully assume leadership roles.

### **HEALTH CARE AIDE**

This six-month program prepares students to function as a health care team member in institutional and community settings. Graduates will learn the basic functional requirements of individuals and families who are experiencing commonly occurring short-term and chronic mental health, physical, emotional and spiritual challenges.

### **JOINT PRIMARY CARE PARAMEDIC**

Students in this 10-month certificate program, offered in partnership with Criti Care EMS Academy, are instructed to the level of a primary care paramedic. The majority of prehospital emergency medical care in Manitoba is provided by these professionals. Students will develop the knowledge and skills necessary to provide emergency medical care at a level based on National Occupational Competency Profile developed by the profession, as well as additional skills and knowledge set out by the provincial regulator.

### **LAW ENFORCEMENT**

This specialized three-term certificate helps students develop the academic, interpersonal, fitness, and other skills required for the application process in a number of careers in the justice system. The program promotes positive communication, integrity and teamwork.

## SKILLED TRADES AND TECHNOLOGY

### AUTOMOTIVE TECHNICIAN

This one-year certificate program helps students develop an understanding of the basic purpose, construction, operation and service of component parts and assemblies of an automobile. Graduates are required to disassemble, inspect, machine-calibrate, and reassemble motor vehicle units and components with an emphasis on health and safety in the workplace.

### CARPENTRY/ WOODWORKING

Students in this one-year program learn basic carpentry knowledge and the skills to gain employment in the construction field. Students will learn all phases of the woodworking and building construction trades. Skills learned include blueprint reading, hand-tool and machine woodworking, framing, concrete forming, roofing, interior, and exterior finishing, cabinet making and stair building, with an emphasis on safety in the workplace.

### CULINARY ARTS

This is a 40-week program designed to provide students with the knowledge and skills they need for employment in the field. Students will develop culinary-arts skills while working and preparing food in the UCN cafeteria.

### ELECTRICAL TRADES FUNDAMENTALS

This certificate program teaches students the skills and knowledge required to become employed in the electrical field. The program also prepares students for studies in related technologies. Graduates may pursue further training in various apprenticeship streams that lead to certification as a journey person in the construction, industrial, power, or lineperson fields.

### INTRODUCTION TO CONSTRUCTION TRADES

In this program, students are introduced to the construction trades through hands-on training in carpentry, electrical, and plumbing. Upon completion of the certificate program, students exit with the technical and job-readiness skills for employment in construction, renovations, and management and maintenance of facilities.

### HEAVY DUTY MECHANICS

Students in this program receive broad-based training in the heavy-duty mechanical field. Sound theoretical training is emphasized to meet the challenges presented by complex designs found in today's on- and off-road trucks, as well as in construction and forestry equipment. Fundamental skills of the trade are reinforced through exposure to practical applications. Other areas of the program include computer applications and business management skills.

### **INDUSTRIAL WELDING**

Learn the skills to become employed as a welding operator, welder's helper or an apprentice. This program is heavily oriented towards hands-on experience. The practical portion includes arc welding, oxyacetylene welding, brazing, G.M.A.W, G.T.A.W. and arc-air.

### **NATURAL RESOURCES MANAGEMENT TECHNICIAN**

Students in this two-year diploma program train for a variety of employment opportunities in the field of natural resources management. The training emphasizes interrelationships among forests, water, fish and wildlife, and is designed to provide the technical skills required in the use and management of natural resources.

### **TRADES APPRENTICESHIPS**

Offered by UCN through partnership with Apprenticeship Manitoba Workforce Development. Students can complete levels 1-4 Industrial Mechanics, levels 1-4 Industrial Electrical and levels 1-4 Carpentry.

### **INDUSTRIAL MECHANIC**

Also known as Millwrights, install, test, remove, repair and service a wide variety of industrial machinery and equipment. Industrial Mechanics also read blueprints, drawings and manuals. Students of this program are working in the industry, attending eight weeks of technical training per level.

### **INDUSTRIAL ELECTRICIAN**

An Industrial Electrician plans, installs, tests, inspects, troubleshoots, and services all types of industrial electrical equipment vital to the operation of commercial and industrial businesses. Students of this program are working in the industry attending 10 weeks of technical training per level.

### **CARPENTRY**

Carpenters work on a wide variety of tasks associated with building and repairing whole, or parts of, buildings and other structures made of wood, wood substitutes, steel, and other materials. Students of this program are working in the industry, attending 10 weeks technical training for level 1 and eight weeks of training for each of levels 2, 3, and 4.

# ADMISSION REQUIREMENTS
